Introduction to Mortgage Banking is an online web series designed to give participants exclusive insight into the field of mortgage banking directly from highly-recognized industry experts.

I. OVERVIEW OF THE RESIDENTIAL MORTGAGE INDUSTRY
Lays the groundwork for the course by introducing the basic business model of residential mortgage lending and the three main phases of the loan life cycle.

II. LOAN PRODUCTION
Understand the tasks that occur during the creation of a new mortgage loan and the skills required to complete them.

III. LOAN SERVICING
Learn about the responsibilities needed to perform important administrative duties on a loan from closing until it is refinanced or paid off.

IV. SECONDARY MARKETING
Explore the world of the secondary market, where the loan produced in the production phase is sold, securitized and marketed to investors.

V. REGULATORY COMPLIANCE, QA/QC & TECHNOLOGY
Explore the supporting roles in lender operations, to ensure that technology, policies and procedures comply with the laws and rules that govern the industry.
Convenient, Affordable, Scalable!

We provide the training your staff needs to start producing immediately. No one else offers a robust program at this value.

In a series of 90-minute webinars, we cover everything from loan origination to completion from the comfort of your desk. All you need is a computer and an internet connection.

Whether you are looking to train a few new members of your staff or to provide your entire roster with a refresher course, we can work with you to develop a custom program to meet your needs.
