

## MORTGAGE ACTION ALLIANCE

THE LARGER THE GROUP, THE LOUDER THE VOICE <sup>SM</sup>

### MAA Embedded Plugin

The Mortgage Action Alliance (MAA) has the ability to provide state mortgage banking associations with a website plugin that will display a list of our Calls to Action and allow users to take action from the state website.

The plugin looks like this:

**Current MAA Calls to Action**

**Support Sensible Regulatory Relief**  
Senate Banking Committee Chairman Mike Crapo (R-ID), with the support of a bipartisan group of senators, introduced a broad regulatory relief package: S. 2155, the Economic Growth, Regulatory Relief and Consumer Protection Act.

**Urge Congress to Act on GSE Reform**  
We need your help to get the word out and educate elected officials about GSE reform!

**Support Transitional Origination Authority for MLOs**  
H.R. 2948 and S. 1753 would amend the SAFE Mortgage Licensing Act of 2008 to provide a transitional authority to originate for mortgage loan officers transitioning between federally-insured depositories and non-depositories, as well as across state lines.

Dear [Recipients],

\* Your Message:

As a real estate finance professional living in your state, I am writing to urge you to cosponsor S. 2155, the Economic Growth, Regulatory Relief and Consumer Protection Act.

This bipartisan legislation would lessen some burdens on lenders, allowing them to better serve their customers and consumers in a safe and sustainable way. In particular, I'm pleased that the bill includes the following:

SAFE Act Amendments to create a transitional authority to originate loans- This legislation makes a measured change to the SAFE Mortgage Licensing Act of 2008 that would grant individuals who move from a federally-insured institution to a non-bank lender transitional authority to continue working and originating loans, while in no way weakening the important consumer protections of the SAFE Act. Transitional authority would only be available to MLOs that have a clean history as an originator (e.g., no license denials, revocations or suspensions, no cease and desist orders, and no felonies that result in license denial).

Your Closing: Sincerely, \* Your Name: Peter Shapiro

Please share additional information about yourself with us.
